## **Driveway/Access Guidelines**

1. For access residential driveway dimension requirements contact the commissioner of the precinct.
2. For non-residential driveway, it is the policy of Reagan County that access/driveway shall be of matching material of adjoining roadway. Therefore, access/driveways adjoining paved road shall be constructed with 6" compacted base and hot mix asphalt, not less than 50' in width and 28' in length if road is not laned or to existing easement length if county road is laned.
3. Access/driveways on caliche roads shall be like construction to meet the same dimensions as paved roads.
4. Individual commissioners may approve proposed driveway/access. If commissioner denies application, the applicant may appeal to the full Commissioners' Court of Reagan County, by requesting the item be placed on the agenda at a regular Commissioners' Court meeting.
